Residential Life Staff - How They Can Help

Director of Residential Life
The Director of Residential Life oversees dormitory operations and supervises all residential life staff members. The director is available on weekdays during the day to assist residents with contract issues, policy issues, resident discipline, billing issues, parent issues, general counseling, on-duty responsibilities, and information on student activities. The director’s office is located on the first floor.

Assistant Director of Residential Life
The Assistant Director of Residential Life assists the Director in dormitory operations. The assistant director is available 8:00 a.m. to 12:00 p.m. on weekdays. The assistant director works with general counseling, policy issues, contract issues and other dormitory concerns that arise during daily operations.

Resident Assistants (RA)
The Resident Assistants (RA) will usually be the first point of contact for residents with issues or questions. RA’s help residents with check-in and check-out procedures, health and safety issues, roommate mediation, general advising, program implementation, mailroom operations, and response to general concerns and issues.
Residential Life Policies and Procedures

Access to Dormitory and Residential Units
The Cook and Page doors to Walker Hall will be unlocked on weekdays until 7:00 p.m. At that time both entrances will be locked and only residents or employees who have a Ranken 1Card with dormitory access will be able to enter the building. Residents are not permitted to exit the Page doors after 11:00 p.m. Ranken students and employees wishing to cut through the building to go to Mary Ann Lee will not be allowed inside unless they are able to show their Ranken ID at the front door. The front entrances facing Cook Avenue and Page Avenue are the only ways to enter the building. All other doors are exit only.

Any student who enters the dormitory during hours where the front entrances are unlocked must be able to present his or her Ranken 1Card to residential life or public safety staff. Non-resident Ranken students wishing to play pool or stay in the first floor lounge or lobby are permitted in the area until 11:00 p.m. Students do not need to be accompanied by a resident in these areas during hours when the front doors are unlocked. After the doors are locked in the evening, non-resident Ranken students must be signed in by a resident the entire time he or she is in the building, unless there is a sponsored event taking place in the dorm that does not require non-resident students to be accompanied by a resident.

Residents must always scan their Ranken 1Card at the card readers located at each corridor leading to the residential areas before he or she can proceed to those areas. Residents must also always scan their Ranken 1Card at the card readers located at the front desk every time they enter or exit the building.

Residents agree not to loan out his or her room key or Ranken 1Card, open a door for another resident or guest using his or her own room key or Ranken 1Card, or to have his or her key copied. Students that make illegal copies of keys will be charged $100 in addition to the cost of a key and core replacement and may be subject to disciplinary action. Residents will be fined $50 for loaning a room key or identification card or using his or using his or her room key or Ranken 1Card to open a door for another resident and may be subject to disciplinary action.

Residents and guests are strictly prohibited from propping open any exterior or interior doors. Residents who violate this rule will be subject to disciplinary action.

Air Conditioning and Heating
Students should contact the on-duty residential life staff member if they are experiencing problems with air conditioning or heating. Residents are not allowed to bring in air conditioning units or portable heaters.

Alcohol Policy
Being under the influence of, consuming, or possessing alcohol is not allowed by students or visitors on Ranken property, which includes Walker Hall, or any property surrounding Ranken’s campus. Residents are responsible for the actions of his or her guests, therefore, if a resident’s guest(s) is under the influence of, consuming, or possessing alcohol in or around the dorm, on Ranken property or property surrounding the College, the host resident will still be subject to disciplinary action. If a resident or
guest is in poor health as a result of consuming alcohol, residential life or public safety staff members may contact the paramedics who will make recommendations for treatment, which may require transporting the student to a local hospital.

Guests in violation of the alcohol policy will be asked to leave the dormitory. If a guest is intoxicated, he or she may be allowed to wait in the dorm under the supervision of a staff member while arrangements are made with the paramedics, police, or a taxi service to transport them from the dormitory.

The College will not be held responsible for any medical or transportation expenses associated with treating or removing a student or visitor from campus. The College will also not be held responsible for any fees associated with drug and alcohol related judicial sanctions including, but not limited to: drug or alcohol testing; entering a drug or alcohol treatment program; support group; class; or counseling services.

Any alcoholic substances or associated paraphernalia found in dorm rooms or any portion of the building, on a person, or in a vehicle will be immediately confiscated and will not be returned to students or visitors.

If a student is believed to have a more serious drug or alcohol issue, he or she will be referred to the Saint Louis University Student Health & Counseling Center for a substance abuse assessment. If the drug or alcohol issue is believed to be severe, the assessment may be bypassed and the student may be referred to an intensive inpatient or outpatient program.

Alcohol policy violations will be subject to disciplinary action which may include, but are not limited to: completion of an online alcohol education course which the student will be charged the cost of the course to enter, referral to a counselor, community or discretionary service hours, parental notification, probation, suspension, and dismissal from the dormitory and College.

Any questions regarding whether or not an appliance is acceptable should be directed towards a residential life staff member.

**Bicycles**

Bicycles are allowed on campus but cannot be brought inside the dorm. If residents have bikes, they must secure them with a lock on the bike rack located in front of the building. Residents who wish to register their bikes may do so through Public Safety.

**Breaks**

Walker Hall is closed during Thanksgiving, Christmas, Spring and Easter breaks. Residents are prohibited from living in the dormitory during these periods. Housing contracts do not cover these breaks. Situations may be reviewed by the director of residential life for special permissions. Food services will also be closed during these times, with the exception of limited services during Spring Break. Students should remove all valuable items from their residential units during breaks.
Cable
Students should contact the on-duty residential life staff member if they are experiencing problems with cable.

Upon moving into the dorm students will be subject to the following check-in procedures:
1. Sign the dorm registry and receive a Ranken iCard (unless the student already has one), room key, mailbox key, and parking permit.
2. Submit completed room condition form to a Residential Life Office staff member prior to moving in items on move-in day. Residents should be very descriptive of potential room damages that were not detailed in the report given to them by a residential life staff member. Failure to submit a form in this time frame will constitute proof of acceptance by the student that his or her room, furniture and fixtures are in good condition.
3. Failure to perform any of the required check-in procedures before the posted deadlines will result in improper check-in fines starting at $75.

Check-out
Upon moving out of the dorm students will be subject to the following check-out procedures:
1. Make an appointment to have a staff member inspect the room before the posted deadline date and time. Residents are responsible for arranging this.
2. Students must clean the room and have all personal items out of the room prior to inspection. Living rooms, hallways and kitchens must also be cleaned in apartment-style units. All bathrooms must be cleaned. If the room is not clean upon inspection then the resident(s) must make an effort to clean the room and have it re-inspected. If the student(s) refuse to make an effort to clean the room then cleaning charges will be billed to student accounts.
3. Students must make sure beds are lowered, not lofted or bunked, or made into one large bed. The room should be arranged for two people to live comfortably with the exception of 4-bedroom apartments. 4-bedroom apartment bedrooms should have lowered beds. If a student refuses to comply a $25 fine will be charged to the student’s account.

Claiming Room Space
The student must claim his or her room before 5:00 p.m. on the first day of classes for any given semester. The student officially claims his or her room by checking into the dorm in person or notifying the Residential Life Office that they will be arriving late. Failure to claim a room space may result in reassignment and/or release the College from its obligation to provide housing for the student. The inability of a student to claim his or her space does not constitute cancellation of the contract or release him or her from financial obligations associated with housing.

Common Area Damage
The cost for replacement and repair for unclaimed common area damage, vandalism, or theft that occurs in non-resident areas will be evenly divided between each resident living in the wing where the damage/vandalism/theft was discovered. When unclaimed common area damage is reported or discovered, an “intent to bill” memo will be posted. Once this notice has been posted, residents will have 3 days after the date listed on the memo to come forward and report the source of the damage or theft. If no one claims responsibility after 3 days each resident will receive a charge on his or her accounts. If a resident claims that the damage was caused by one of his or her guests, then that resident will be held responsible for paying the damage charges. Unclaimed common area damages occurring in open access areas including the two main building entrances and corridor, public restroom, seminar room, first floor center lounge, first floor game and vending area, laundry room, study rooms, second floor center lounge, courtyards, basketball court, and building exterior may be billed to all residents if it is determined that only a resident or visitor could have caused the damage.

Drug Policy

Ranken is committed to being a drug-free campus. The following statements have been extracted from the drug awareness and prevention policy in the Ranken Student Handbook and apply to all dormitory residents and visitors:

*The possession or sale of illegal drugs (controlled substances) is illegal and any faculty member, employee, or student who possesses, sells, or uses such illegal drugs shall be subject to dismissal. This also applies to faculty and staff members who report to work or who are at work under the influence of illegal drugs or alcohol.*

Students who do not abide by this policy will be subject to disciplinary action including dismissal from housing and the College. Residents are responsible for the actions of their guests; therefore, if any guest(s) is caught possessing, using, selling, or distributing illegal drugs in or around the dorm building, on Ranken property or property surrounding the College, the resident will be subject to disciplinary action by the College and may be subject to punishment under state laws regarding illegal drugs.

If a resident or guest is in poor health or they become a safety risk to themselves or to others as a result of drug use, residential life or public safety staff members may contact the paramedics to make recommendations for treatment. In some instances the paramedics and residential life and public safety staff may concur that it may be in the best interest of the student to be transported to a local hospital for treatment. Residents and Ranken students who are guests suspected of being under the influence of or in possession of drugs or paraphernalia will be asked to take a drug test which they will be responsible for paying for. Residents who are required to get a drug test will be given 24 hours to
go get the test. Failure to get the test within the prescribed time limit will be considered a violation of the drug policy and will subject the resident to disciplinary action to the same extent as a resident who tests positive in violation of the drug policy.

Guests in violation of the drug policy will be asked to leave the dormitory. If the guest is under the influence of drugs, he or she may be allowed to wait in the dorm under the supervision of a staff member while arrangements are made with the paramedics, police, or a taxi service to transport them from the dormitory. The decision on the appropriate method of removal will be made solely by the supervising staff member.

The College will not be held responsible for any medical or transportation expenses associated with treating or removing a student or visitor from campus. The College will also not be held responsible for any fees associated with drug and alcohol related judicial sanctions including, but not limited to: drug or alcohol testing; entering a drug or alcohol treatment program; support group; class; or counseling services.

If a residential life or public safety staff member confirms the odor of marijuana on a resident or visitor, then there will be reasonable suspicion that the resident or guest may be in violation of the drug policy, leading to further investigation. If the source of the odor is coming from a residential unit, then there will be reasonable suspicion that the present unit occupants and guests may be in violation of the drug policy, leading to further investigation.

Any illegal substances or associated paraphernalia found in dorm rooms or any portion of the building, on a person, or in a vehicle will be immediately confiscated and will not be returned to students or visitors.

If solely within the opinion of residential life, public safety staff or other college personnel, a student is believed to have a serious drug or alcohol issue, he or she will be referred to the Saint Louis University Student Health & Counseling Center for a substance abuse assessment. If the drug or alcohol issue is believed to be severe, the assessment may be bypassed and the student may be referred to an intensive inpatient or outpatient program.

A progressive violation system has been created to give opportunity for changing behavior and to educate in the area of the effects of drugs. However, drug policy violations will be subject to a variety of disciplinary actions that may include, but are not limited to, the progressive violation system, referral to the substance abuse education program in which the student has to pay to enter, referral to a counselor, disciplinary service hours, parent notification, probation, suspension, and dismissal from the dormitory and College.

These same rules apply for visitors.

The front desk is staffed 24/7 by a public safety officer. Residents must always register guests and overnight guests at the front desk; NO EXCEPTIONS. The front desk is considered the command center for all public safety operations. Residents and guests must abide by all reasonable requests asked of them by the front desk officer. Harassment or verbal abuse toward the front desk officer will not be tolerated. Any security issues or concerns should immediately be brought to the attention of the front desk officer. It is the responsibility of every resident student to keep a look out for suspicious people, behaviors or objects.

**Furniture and Equipment**
Absolutely no furniture or equipment provided by the College can be moved outside of residential units, and no common area furniture can be moved inside residential units. Residents can move the bedroom furniture that has been provided by the College within residential units as long as it does not create a safety hazard or block a doorway. Residents can also take out the bottom set of loft-posts from his or her bed if they wish to drop the bed closer to the ground. This must be done with the assistance of at least one other person. Unused loft posts, pins, steel connector rods, and clips must be placed somewhere within the unit where they will not be lost, damaged, or cause damage to items in the unit. Inventory of all College provided furniture items and fixtures will be taken prior to move-in and again upon move-out. Residents will be held responsible for any damages caused to furniture or any other items in dorm units which occur as a result of moving furniture. The College is not responsible for any personal injuries that may occur to a resident or guest as a result of moving furniture. Charges for any damaged or missing furniture items and fixtures provided by the College within the residential units will be billed to the accounts of those students residing in the dorm room or apartment. Students will be charged the repair or replacement cost incurred by the College.
Residents can bring in personal furniture, except for bed frames, box springs, waterbeds, and loft kits, as long as it sufficiently fits in the room in which it is placed, is not seen as a safety hazard, and all roommates of the resident bringing in the furniture are in agreement with it. Personal mattresses are not allowed, unless the resident can show proof of medical documentation before moving in verifying that they need an orthopedic mattress. These mattresses cannot be larger than standard twin.

**Gambling and Betting**
Gambling is prohibited on campus and is subject to disciplinary action including dismissal from the dormitory or College. Mental Health
We understand that college life can be stressful and that there may be times when you need to speak to a professional about the way you are feeling. We also recognize that a significant population of students bring a history of mental health issues with them, and that for many others, mental health issues may develop while at school. We want you to know that there are resources available to assist you:

- Campus Counselor – The counselor on Ranken’s campus is a licensed counselor who offers free services during office hours. Detailed information can be located outside the Residential Life offices.
- Office of Residential Life Staff – Both professional residential life staff members are available to assist residents with mental health issues. Residents who present more serious issues may be referred to one of the other mental health resources listed.
- Saint Louis University Student Health & Counseling Center – The SLU Health & Counseling center has professional counselors on staff to assist with a variety of mental health issues. The center is located on SLU’s campus just a short drive from Ranken. To schedule an appointment with a counselor, call 314-977-2323 between 8:00 a.m. and 5:00 p.m. Monday through Friday.
- Behavioral Health Response (BHR) – BHR provides a free crisis hotline 24 hours a day staffed with counselors who can assist with mental health issues. To talk to a counselor anytime day or night, call 314-469-6644 or 1-800-811-4760.

If a student’s psychological or physical condition is manifested to a point where residential life staff believe he or she may pose a significant risk to the health or safety of themselves or to others, or requires more management than the residential life staff can provide, then staff will get involved immediately to determine the best course of action for the student.

Microwaves are permitted in resident rooms and should be plugged directly into an outlet or a power strip with built-in circuit breaker. Only one microwave is allowed per bedroom per unit.

Musical Instruments & Amplifiers
Musical instruments, with the exception of drums or drum sets, are allowed in dorm rooms but the amplification of musical instruments is prohibited. Amplifiers are allowed inside dorm rooms but can only be used with headphones plugged into the amplifier so the sound does not travel. Violations of this policy will result in disciplinary action.

Occupancy
As a safety precaution, and to avoid large gatherings, no more than 2 times the designed occupancy level should ever be in a residential unit at one time. If there are more than the allotted amount of individuals inside a residential unit, or a residential life staff member suspects that there might be more than the occupancy limit, then the staff member may enter the unit and ask everyone to leave with the exception of the actual unit residents.

Living occupancy in the dormitory is limited to Ranken students only, with the exception of approved staff members and guests for campus events. All non-resident guests must be registered at the front desk. The student is not allowed to sublease or provide routine lodging to guests. Dorm rooms are to be used for residential purposes only.

Off Campus Behavior
The rules of the College still apply to all students when they are participating in a Ranken sponsored event off-campus. The College reserves the right to institute disciplinary action for situations taking place off-campus that violate Ranken’s standards of conduct.

Parking, Permits, Cook Lot Gate
Resident student parking is located on the Cook/Langenberg parking lot. Residents must have a parking permit for each vehicle they bring on campus. Residents are only allowed to have one vehicle in the parking lot at any given time (one parking space per student, spaces will not be assigned). New residents should fill out a parking registration form during the check-in process. Pets
Residents and guests are not allowed to bring pets inside the dormitory except for fish in a 10-gallon or smaller aquarium. Residents must receive permission from his or her roommates to have an aquarium in his or her residential unit. Aquariums must be kept clean or residential life staff members may ask
for them to be removed. Any other pets found in the dormitory brought in by residents or visitors will be removed by a residential life staff member or public safety officer. Residents found in violation will be subject to disciplinary action. The only exception to this would be service animals that are trained to provide assistance to an individual with a disability.

Programming
The residential life staff is dedicated to providing residents with valuable learning opportunities and experiences which will nurture their overall personal development and supplement the education they are receiving in their classes. This is accomplished through programming, which consists of social, educational, and health-related activities and experiences designed to advance our resident’s personal growth. The Ranken residential life programming model is divided into four core focus areas: Community, Academics, Citizenship, and Wellness.

Propping Open Dorm Room Exterior Doors
Residents are allowed to prop open exterior dorm unit doors. This policy is subject to change based on the need for security or any necessity determined by the offices Residential Life and Public Safety.

Quiet Hours
Quiet hours in the dormitory, smoking areas, and the basketball/volleyball/barbeque area are as follows:
- 10:00 p.m. to 9:00 a.m. Sunday-Thursday
- 1:00 a.m. to 9:00 a.m. Friday-Saturday
Quiet hours may be adjusted during midterm and final exam weeks. Residents are responsible for always observing 24-hour, 7 days a week courtesy hours. This means that residents are respectful of other resident's rights to study, rest and reside in a quiet environment. Excessive noise is disrespectful to other members of the dormitory community. If a resident or residents are making excessive noise or devices inside his or her residential unit are making excessive noise, it is the responsibility of other residents to contact a residential life or public safety staff member to notify them of the noise disturbance.

Refrigerators
Refrigerators are allowed in residence hall rooms. Only one refrigerator is allowed per bedroom per unit. The size of refrigerators cannot exceed 5 cubic feet (with the exception of the kitchen refrigerators in the 4-bedroom apartment unit). Units may not be placed in closets. Refrigerators must be plugged directly into an outlet or a power strip with built-in circuit breaker.

Reporting a Policy Violation
If a policy violation occurs in the dormitory, residents that witness the violation or are somehow impacted by the violation should report it to the residential life staff member on duty immediately. It is the responsibility of each resident to report policy violations for the greater good of the dorm community. An on-duty staff schedule will be posted on each floor. The report can be made in person or over the phone.
Requirements for Residency
Only full-time Ranken students (enrollment in 12 credit hours per semester is considered full-time) are eligible to live in the dormitory. Part-time Ranken students are not eligible to live on campus unless special permission is granted by the director of residential life.

Residence Hall Association (RHA)
The Residence Hall Association (RHA) is a member of NACURH, the National Association of College and University Residence Halls, which is the largest student organization in the country. The national organization recognizes living on campus as an integral part of the college experience, and therefore strives to be the organization of choice for residence hall leaders by providing comprehensive resources for college and university students seeking to create the ultimate residence hall environment and experience. All resident students are automatically members of the Residence Hall Association. For more information on RHA, contact the hall manager.

Respect Policy
One of the guiding principles in the Walker Hall dorm community is respect. The expectation of the Residential Life staff for our residents is to respect oneself, to respect others and their property, and to respect one’s surroundings. Acts of disrespect toward a residential life staff person, public safety staff person, housekeeping staff person, or Ranken employee will not be tolerated and are subject to disciplinary action. Acts of disrespect toward another resident or guest will be treated on a case by case basis and may be subject to disciplinary action. It is the intention of the Residential Life staff to ensure that residents understand the importance of respect, practice it on a regular basis, and carry this understanding with them after they leave Ranken.

Returning to Housing - Reapplication
Residents planning on returning to housing next academic year must submit a housing reapplication form and contract to the Director of Residential Life before the designated deadline date to receive preferred placement. If a current resident does not submit an application and contract for the following year it will be assumed that he or she is not returning to the dormitory.

Roof Access
Resident and guests are prohibited from accessing the roof of the dormitory.

Room and Roommate Assignment
Room and roommate assignments are made by the director of residential life. Consideration will be given to the student’s room and roommate preferences as well as the profile section of his or her application. Roommate requests must be mutual. The College reserves the right to make room and roommate assignments and reassignments, consolidate roommates, or adjust the designated occupancy of any room when necessary.

Room and Roommate Consolidation
In order to make room for residents it may be necessary to consolidate rooms and roommates. Consolidation is the act of moving students together into one unit where the maximum occupancy was not being met. For students that are left without roommates as a result of housing cancellation, withdrawal, or a room or roommate change request that has been approved, they will be given the following options in which they must choose one:
1. Consolidate with another student or students also currently living in a unit not at full occupancy
2. Receive a new roommate or roommates as assigned by the Residential Life Office.
3. Pay a higher rate to live in the current unit without full occupancy. If space is needed then this may not be an option.

Room and Roommate Change Requests and Reassignment
Residents may submit a change of room or roommate request form to the Residential Life Office three weeks after the first day of classes. Only one request is allowed throughout the duration of the contract. If the requested move is the result of a roommate conflict then the student must discuss the situation with a residential life staff member first before submitting a room or roommate request. If a solution cannot be reached after staff intervention then a request may be submitted. The College reserves the right to approve or deny room and roommate requests. All parties involved in a roommate change must agree to the changes in writing unless the change comes as a result of administrative reassignment. If the student moves to another room without approval from the Director of Residential Life then the student will be subject to disciplinary action and may result in the student’s return to his or her original room.

Room changes may not take place during midterms, final exams, or the first and last three weeks of a semester. Students will be given 48 hours to move all of his or her belongings out of their previous room to their new room.

The residential life office reserves the right to make administrative reassignments for residents. In such cases roommates may be split up and asked to move to another room or accept another roommate in order to remain in housing. If an administrative reassignment takes place the resident(s) will be responsible for any additional room charges associated with the new room assignment.

Room Charges Refund
A student who withdraws or is dismissed from the College or is granted housing cancellation prior to the start of a semester covered in his or her housing contract will receive 100% of paid room charges for the upcoming semester, less a cancellation fee according to the housing cancellation policy. A written cancellation request must be submitted to the Residential Life Office. A student who withdraws or is dismissed from Ranken Technical College will not be allowed to live in Ranken housing.

A student who vacates housing for any of the allowable reasons listed in the release of contract policy will be subject to the housing room charges refund schedule as outlined below:
1. Vacates housing during the first week of the semester – 90% refund of semester room charges.
2. Vacates housing during the second week of the semester – 75% refund of semester room charges.
3. Vacates housing during the third week of the semester – 60% refund of semester room charges.
4. Vacates housing during the fourth week of the semester – 45% refund of semester room charges.

Room Checks (Unannounced)
Residential Life staff will have unannounced room checks at least one time each semester, and more as needed. Residents will not be notified in advance of these checks. Residents do not need to be present during these checks. Staff members will be looking for prohibited items, illegal substances, and dirty living conditions. Staff members will search for items in plain view unless they have suspicion that prohibited items or illegal substances are in the room. The exception to items “in plain view” will be
refrigerators and cabinets in 4 bedroom apartment kitchens, as well as personal refrigerators and coolers in any dorm unit. Staff members may check these items regardless of suspicion.

Room Entry
The College reserves the right to enter resident rooms to provide maintenance, conduct health and safety inspections and regular room inspections, to ensure safety and security of residents, conduct inventory, and to enforce rules when there is reasonable suspicion that rules are being violated. Residential life staff members, public safety staff members, and police officers may enter a room if they believe a College policy or state or federal law is being broken or if they believe a person is in danger and needs immediate help. Staff members may also enter a room if the resident or residents do not respond during emergency alarms or noise violations. Students do not need to be present unless requested by a staff member in order for a residential life, public safety, or maintenance staff member to enter the room. Efforts will be made to notify residents in advance of room visits with the exception of maintenance procedures, health and safety inspections taking place during student vacation periods, unannounced room checks, emergency situations, suspected residential life or College policy violations, or state or federal law violations. The College reserves the right to confiscate any illegal or prohibited items found inside dorm rooms or any portion of the building. The College also reserves the right to remove any items deemed as a nuisance or hazardous to the building and its occupants.

Scan-In & Scan-Out
All residents are required to scan-in and scan-out with their Ranken ICard at the front desk every time a resident enters or exits the dormitory. Failure to scan-in or scan-out is subject to disciplinary action.

Searches
A residential life staff member or College administrator will conduct thorough room searches in instances where there is suspicion that the resident(s) or his or her guest(s) may be in possession of illegal substances, alcohol, stolen items, firearms, weapons, or other prohibited items, or there is an indication that a state or federal law is being violated. During these searches these officials will search all areas and spaces, containers and objects, and individuals within the unit. Resident’s in possession of illegal items will be subject to disciplinary and possibly legal action. Residents must abide by all requests made by residential life staff members, including asking residents to unlock drawers or containers with a personal lock on them. Residents who refuse to follow requests will be considered insubordinate and subject to disciplinary action. All items brought into the dormitory by a resident or visitor are subject to search by a staff member, if a staff member suspects that a resident or visitor is in possession of an illegal or prohibited item. Vehicles on campus property are also subject to search.

Security Deposit
Students applying for housing for the first time as well as students who previously cancelled housing and received a refund for their security deposit are required to submit a $150 security deposit along with a completed housing application and contract. Students that continue to live in the dorm will automatically have the $150 security deposit applied to a future contract. When a student permanently moves out of the residence hall and does not intend to sign a future housing contract, charges for damage will be deducted from his or her security deposit. If there is still money left over after damage charges have been assessed, the business office will apply the difference to any outstanding balances the student may have at the College. If the student does not have any existing balances, he or she will
receive a check for the remaining security deposit balance. Damage charges are billed to student accounts of returning residents.

**Security Deposit Refunds**
Housing applicants who have not previously lived in the dorm, sign a housing contract, and make the decision to no longer pursue housing prior to the start of a semester will forfeit his or her security deposit in addition to any other cancellation fees that apply. Students who have lived in the dormitory and been granted release from his or her housing contract who fail to properly check-out of housing by their designated check-out date and time will forfeit his or her entire security deposit, unless the student has been given an extension by the Director of Residential Life and properly checks-out according to the terms of the extension. Exceptions in which security deposits will be refunded under the terms of the section entitled “Security Deposit” include:

Other campus offices may reserve the room for special events. Room reservation requests must be made through the Residential Life Office.

Residential Life
Judicial Process for Policy Violations

All residents are subject to the Ranken standards of conduct listed in the Student Handbook as well as all policies and procedures listed in the Residential Life Handbook. The judicial process begins when there is reason to believe a resident has violated one or more policies. The following protocol will take place for all policy violations:

1. The alleged policy violation is documented by a residential life or public safety staff member in an incident report. A separate report should be filled out for each student in violation of a policy. Completed forms are submitted to the Director of Residential Life. The College reserves the right to meet with students regarding alleged policy violations without an incident report.

2. The Director of Residential Life will conduct an investigation on the incident and will meet with each person involved, including the residential life or public safety staff member that submitted the report. For incidents of theft, the Director of Public Safety or Assistant Director of Public Safety will lead the investigation.

3. After meeting with all parties involved, a sanction will be assigned to the student or students listed in the incident report if the Director of Residential Life determines a policy has been violated.

4. If a student wishes to appeal a sanction they have been assigned as a result of a residential life policy violation, the student must submit a Notice of Appeal form to Vice President of Education by (4:00 p.m.) following the day when the student was advised that he/she was subject to sanctions. The Notice of Appeal must contain the following:
   a. What decision the student is appealing and what relief the student is requesting.
   b. Reasons why the student believes he/she is entitled to such relief.
   c. All evidence in support of the student’s request.
   d. Whether the student is requesting a personal appearance before the Academic and Residential Life Disciplinary Review Board along with the student’s justification for such personal appearance.
   e. Any other material relevant to the judicial board’s decision.

5. All appeal requests will be submitted to the board for review. The Board may choose one of the following actions upon reviewing the appeal:
   a. Recommend keeping the assigned sanction(s) as-is.
   b. Recommend dismissing the assigned sanction(s).
   c. Recommend assigning similar or less punitive sanction(s).

Double Jeopardy
Students charged with College or residential life policy violations may also be held responsible for violating existing local, state and federal law. Since the purposes and consequences of the two processes are so different, such reviews are mutually exclusive and do not create double jeopardy for charged students. Disciplinary action will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced. The residential life office reserves the right to postpone judicial proceedings if staff members determine the proceedings would interfere with the civil or criminal process.
Residential Life
