2. Wallpaper, border paper, stickers, or anything that will permanently adhere to the wall or furniture is not allowed.
3. Posters, pictures, bulletin boards, and other decorations may be hung on walls using thumbtacks and small nails only. Anything used to hang items to a wall must be completely removable and not cause damage to painted wall surfaces. Mounting tape, scotch tape, double sided tape, poster tape, packaging tape, electrical tape, duct tape, and putty are not allowed. 3M brand products should not be used on walls or wood surfaces. Any material that may leave a sticky residue after being removed is not allowed. Screws and large nails are not allowable hardware for mounting objects to the wall.
4. Paper with adhesive backing is not permitted to line drawers or shelves.
5. Items cannot be hung from fire sprinkler heads or pipes. Damage to sprinkler heads could result in flooding for which the resident(s) would be held financially responsible.
6. No items can be hung from the ceiling or fixtures or in any window or doorway.
7. No items can be placed or hung on the front doors of residential units unless posted by a residential life or public safety staff member (ex: a note, letter, door decoration, form or flyer taped to the front of a door).

Residential life staff members have the right to ask residents to remove decorations that may be considered racist, sexist, discriminatory, pornographic, or offensive. If the resident refuses to do so the residential life staff member may confiscate the item and the resident will be subject to disciplinary action for refusal to remove the object(s).
9. Empty alcohol containers or soda cans or bottles may not be used as decorations.

Inventory of all College provided furniture items and fixtures will be taken prior to move-in and again upon move-out. Residents will be held responsible for any damages caused to furniture or any other items in dorm units which occur as a result of moving furniture. The College is not responsible for any personal injuries that may occur to a resident or guest as a result of moving furniture. There will be scheduled grocery strips. See posted flyers for information.

What will be the biggest change to living in the dorm?
There are several changes but the biggest change will be you taking responsibility for yourself. You will have to make sure you are attending class on time, balancing study time and the time you use to play games or hang out with friends.

What is the best advice for a new resident?
• Get out of your room and participate! Don’t just sit in your room! If you get to know people, you may find some cool people to take your gaming, sports, hobby or even your study habits to the next level.

• Read the flyers. Some of the coolest activities can be found on the bulletin boards! There have been free tickets to Cardinals and Blues games available through the flyers or our Facebook page.

• Get to know your Resident Assistant (RA). Your RA is a great resource for information. There will be a RA assigned to each wing. Feel free to ask questions and get information from them.

The law requires that parental permission be obtained for operative procedures on minors. A minor is defined as a person under the age of 18 years. The following consent form should be signed by the parent or guardian of the minor so that in the event of an emergency, medical procedures may be promptly carried out, and so that no unnecessary delays will occur with less urgent operative procedures. However, no operation other than minor office procedures will be performed, except in cases of extreme emergency, without the parent or guardian being contacted and fully informed. Ranken will not be held financially responsible for any operative procedures that the student may undergo.

I give permission for such operative procedures as may be deemed necessary for my son/daughter/ward.
