Airbrush & Custom Paint

This course will cover:

- Worker protection and personal safety relative to the custom painting industry
- Custom painting, airbrushing and the proper use of custom topcoats
- How to properly use airbrushes and other specialized equipment used in custom painting
- The proper application of the *House of Kolor* product line
- The foundation and layering of high film painting, including Kwikure primers, Ko-Seal sealers, Shimrin base colors, Kosmic Kandy colors, Flakes, Pearls, Clearcoats and more

Preferred prerequisite: Students should have taken a refinishing class or be currently enrolled in an automotive painting class.

Instructor: Mike Cisler of Hammerwerks
Mike has many years of custom painting experience and has been highlighted in many popular magazines.
