We are committed to the following ideals:

- Providing a positive housing experience for residents.
- Ensuring a safe environment for students to live.

Residential Life Staff -How They Can Help

Director of Residential Life

The Director of Residential Life oversees dormitory operations and supervises all residential life staff members. The director is available on weekdays during the day to assist residents with contract issues, policy issues, resident discipline, billing issues, parent issues, general counseling, on-duty responsibilities, and information on student activities. The director's office is located on the first floor.

Resident Assistants (RA)

The Resident Assistants (RA) are the student staff members for Residential Life. They will usually be the first point of contact for residents with issues or questions. RA's help residents with check-in and check-out procedures, health and safety issues, roommate mediation, general advising, program implementation, mailroom operations, and response to general concerns and issues.

Please see the bulletin boards for contact information for staff members.

DEPARTMENT OF PUBLIC SAFETY

The security force at Ranken is maintained by the Department of Public Safety. Security law enforcement is provided to the campus 24 hours a day, all year around. The public safety officers have been trained and licensed in accordance with city and state requirements. In addition, the security department maintains close contact with other college security departments through membership in law enforcement associations at the county, state, and national levels.

Public safety officers are authorized to make arrests, investigate criminal and non-criminal incidents, and cooperate in the criminal justice process. They possess the same authority on campus as St. Louis City police officers. The officers may also enforce college rules and regulations. Officers patrol the campus on foot and on bicycles as well as in a security vehicle. All officers carry hand-held, two-way radios that allow for prompt communication with the other security officers and maintenance personnel on campus.

Crime Prevention & Reporting Crimes

Be aware of your surroundings always. Never leave your resident doors unlocked when you are not in the room and never lend out your room key. The College is not responsible for any lost, stolen, or damaged items of any student or visitor. If you observe any suspicious activity in the resident hall, contact the on-duty RA or Public Safety Dispatch at the control desk in the lobby of Walker Hall or by calling Public Safety.

If you are the victim of a crime either on or off campus, contact Public Safety at 314-286-3300 or call 911. If you call 911, please contact Public Safety to notify them of the incident.

Please refer to the Ranken Emergency Plans Reference Guide, which are located on the inside of all main residential unit doors. The Cook and Page doors to Walker Hall will be unlocked on weekdays until 6:00 p.m. At that time both entrances will be locked and only residents or employees who have a Ranken 1Card with residence hall access will be able to enter the building. Ranken students and employees wishing to cut through the building to go to Mary Ann Lee will not be allowed inside unless they can show their Ranken ID at the front door. The front entrances facing Cook Avenue and Page Avenue are the only ways to enter the building. All other doors are exit only.

Any student who enters the residence hall during hours where the front entrances are unlocked must be able to present their Ranken 1Card to residential life or public safety staff. Non-resident Ranken students wishing to stay in the lobby are permitted in the area until 11:00 p.m. After 11:00 p.m. visitors/non-resident Ranken students must be signed in by a resident the entire time he or she is in the building, unless there is a sponsored event taking place in the residence hall that does not require non-resident students to be accompanied by a resident.

Upon moving out of the residence hall students will be subject to the following check-out procedures:

Failure to claim a room space may result in reassignment and/or release the College from its obligation to provide housing for the student. The inability of a student to claim their space does not constitute cancellation of the contract or release him or her from financial obligations associated with housing.

Common Area Damage

The cost for replacement and repair for unclaimed common area damage, vandalism, or theft that occurs in non-resident areas will be evenly divided between each resident living in the wing where the damage/vandalism/theft was discovered. When unclaimed common area damage is reported or discovered, an "intent to bill" memo will be posted. Once this notice has been posted, residents will have 3 days after the date listed on the memo to come forward and report the source of the damage or theft. If no one claims responsibility after 3 days each resident will receive a charge on their accounts. If a resident claim that the damage was caused by one of their guests, then that resident will be held responsible for paying the damage charges. Drug Policy

Ranken is committed to be a drug-free campus. The following statements have been extracted from the drug awareness and prevention policy in the Ranken Student Handbook and apply to all residence hall residents and visitors:

The possession or sale of illegal drugs (controlled substances) is illegal and any faculty member, employee, or student who possesses, sells, or uses such illegal drugs shall be subject to dismissal. This also applies to faculty and staff members who report to work or who are at work under the influence of illegal drugs or alcohol.

Students who do not abide by this policy will be subject to disciplinary action including dismissal from housing and the College. Residents are responsible for the actions of their guests; therefore, if any guest(s) is caught possessing, using, selling, or distributing illegal drugs in or around the residence hall building, on Ranken property or property surrounding the College, the resident will be subject to disciplinary action by the College and may be subject to punishment under state laws regarding illegal drugs.

If a resident or guest is in poor health or they become a safety risk to themselves or to others because of drug use, residential life or public safety staff members may contact the paramedics to make recommendations for treatment. In some instances, the paramedics and residential life and public safety staff may concur that it may be in the best interest of the student to be transported to a local hospital for treatment. Residents and Ranken students who are guests suspected of being under the influence of or in possession of drugs or paraphernalia will be asked to take a drug test which they will be responsible for paying for. Residents who are required to get a drug test will be given 24 hours to go get the test. Failure to get the test within the prescribed time limit will be considered a violation of the drug policy and will subject the resident to disciplinary action to the same extent as a resident who tests positive in violation of the drug policy.

Guests in violation of the drug policy will be asked to leave the residence hall. If the guest is under the influence of drugs, he or she may be allowed to wait in the residence hall under the supervision of a staff member while arrangements are made with the paramedics, police, or a taxi service to transport them from the residence hall. The decision on the appropriate method of removal will be made solely by the supervising staff member.

The College will not be held responsible for any medical or transportation expenses associated with treating or removing a student or visitor from campus. The College will also not be held responsible for any fees associated with drug and alcohol related judicial sanctions including, but not limited to drug or alcohol testing; entering a drug or alcohol treatment program; support group; class; or counseling services.

If a residential life or public safety staff member confirms the odor of marijuana on a resident or visitor, then there will be reasonable suspicion that the resident or guest may be in violation of the drug policy, leading to further investigation. If the source of the odor is coming from a residential unit, then there will be reasonable suspicion that the present unit occupants and guests may be in violation of the drug policy, leading to further investigation.

Any illegal substances or associated paraphernalia found in residence hall rooms or any portion of the building, on a person, or in a vehicle will be immediately confiscated and will not be returned to students or visitors.

If solely within the opinion of residential life, public safety staff or other college personnel, a student is believed to have a serious drug or alcohol issue, he or she will be referred to the Student Success Counselor.

A progressive violation system has been created to give opportunity for changing behavior and to educate the effects of drugs. However, drug policy violations will be subject to a variety of disciplinary actions that may include, but are not limited to, the progressive violation system, referral to the substance abuse education program in which the student has to pay to enter, referral to a counselor, disciplinary service hours, parent notification, probation, suspension, and dismissal from the residence hall and College.

The Progressive Violation System

Upon incurring a drug violation, the following process may be taken place depending on the severity of the situation. The enforcement of this process is also at the discretion of the Director of Residential Life.

1. The first drug offense, the resident will incur a \$150.00 fine to be charged to their student account. In addition to the fine, the resident will be required to participate in an online course title "Marijuana 101".
2. The second offense, the resident will incur an additional \$300.00 fine to be charged to their student account. In addition to the fine, the resident will be required to take random drug test during probation at their expense and follow the probation.
3. The third offense is immediate and permanent dismissal from the residence hall.

Electricity

If the electricity goes out in a student's room, they are responsible for contacting the on-duty residential life staff member. The staff member will notify the maintenance department of the outage. Students should not overload electrical outlets and cannot modify outlets in any way. Residents or guests who cause electrical outages will be charged for any parts needed to restore electricity.

Refrigerators and microwaves should not be plugged into the same outlet. Surge protectors are recommended for large electronic devices and appliances. All extension cords must have a label UL or ETL approval. The College is not responsible for damage occurring to electronic devices or appliances because of a power outage or surge. Residents are not allowed to replace any residence hall light fixtures with another type of lighting.

Residents will be held responsible for any damages caused to furniture or any other items in residence hall units which occur because of moving furniture. The College is not responsible for any personal injuries that may occur to a resident or guest because of moving furniture. Charges for any damaged or missing furniture items and fixtures provided by the College within the residential units will be billed to the accounts of those students residing in the residence hall room or apartment. Students will be charged the repair or replacement cost incurred by the College.

Failure of new residents to submit immunization records within 30 days of moving into the residence hall will result in fines. The COVID Vaccination is required upon move in. Excessive failure to submit these records will result in non-authorization for housing; meaning the student will not be allowed to live in the residence hall until missing immunization records have been submitted to the director of residential life.

Implied Consent

If a student is aware of or in the presence of a College or residential life policy violation and remains in the presence of or does not take reasonable measures to stop the violation, they have given implied consent to the violation. Each resident will be issued a room key and a mailbox key during check-in. Residents should carry both room and mailbox keys always. If a resident loses a room or mailbox key, they should immediately contact the on-duty residential life staff member so they can arrange to have the key replaced and the lock re-cored by public safety. The responding staff person will give the resident a specified amount of time to find the key before proceeding with a re-core request. If the resident is unable to find the key within the allotted time frame, he or she will be billed a re-core charge and will also have to pay for a new key, as well as any new keys made for roommates. Refunds will not be given if the resident later finds their lost key.

If a resident is locked out, they should contact the on-duty staff member. Lockouts will be documented. Multiple lockouts will be subject to disciplinary action including fines. There will be one free lockout per semester; all other lockouts will be a \$10 charge on the resident's account.

Kitchens

Common kitchens are located on both floors of the residence hall. Kitchens are equipped with a microwave, sink and cabinets. For the residential life office to consider these requests, it is the responsibility of the student to notify the residential life office of such requests in a timely fashion prior

to moving into the residence hall. All requests will be treated on a case-by-case basis. Each request will be reviewed by professional residential life staff. Housing options may be limited due to availability of space. As with all housing applicants, we cannot guarantee that room and roommate preferences will be met. All requests will be kept confidential, meaning the student's name or other personal identifiers will not be revealed to other students. Only professional residential life staff and the school counselor will maintain this information unless the student consents to release it.

Laundry

The laundry room is located on the second floor of the residence hall. The laundry room has door access by the Ranken1 Card to residents who have paid the fee for access. The fee is \$75 for the school year and \$35 for a one semester resident including mid-year, and summer semester. The cost is deducted from the resident's meal plan. The access allows unlimited use of the washers and dryers. Residents are responsible for cleaning the lin traps after use and disposing of any trash left behind.

It is the responsibility of each resident to track the timing of their own laundry and not occupy machines longer than needed. Clothing or products left in the Laundry Room will be removed and held by Residential Life for 24 hours before disposal.

Your Name

Outgoing mail can be submitted in the marked mailbox among the student mailboxes. If you receive a package a Residential Life staff member will place a notice inside a resident's mailbox. Residents must contact the on-duty residential life staff member to pick up their package. The College does not accept responsibility for loss or damage to items sent through the mail. Tampering with another resident's mail is a federal offense that will result in disciplinary and legal actions.

Maintenance Requests

Residents in need of repairs within their residential unit must send a Work Order Form located on the Residential Life Page of InsideRanken. The Work Order Form must include the complete room number (167A), the specific issue and where the issue is located. By submitting a Work Order Form the resident authorizes a maintenance staff member to enter the residential unit to complete the repair. This will happen regardless of if the resident or residents are present. General maintenance requests may be submitted Monday-Friday except during holidays. The Buildings and Grounds department is responsible for routine upkeep and repair of the residence hall building including the residential units. The College is not responsible for repair or maintenance of student's personal items. Repairs that take place because of damage within residential units will be billed to the appropriate student accounts. Failure to

report damages inside a residential unit will result in charges billed to the resident or residents responsible for the unit.

Emergency maintenance requests such as flooding, broken windows, gas leaks, loss of utilities including hot or cold water, heat and air-conditioning, or electricity should immediately be directed to a residential life staff member.

Meal Plan and Food Service Information

Every resident must complete and submit a medical history form prior to moving into the residence hall. The Medical History Form is accessible via the College's website, student portal (InsideRanken) and emailed to all enrolled applicants. Completed forms are confidential and secured inside the Residential Life Office.

Mental Health

We understand that college life can be stressful and that there may be times when you need to speak to a professional about the way you are feeling. We also recognize students bring a history of mental health issues with them, and that for many others, mental health issues may develop while at school. We want you to know that there are resources available to assist you:

- Student Success Counselor - Ranken has licensed counselor on staff, located in Student Support Services suite (F209) of offices on the top floor of the Finney Building. To schedule an appointment, stop by Student Support Services or call 314-286-4845.
- The Director of Residential Life- The professional residential life staff members are available to assist residents with mental health issues. Residents who present more serious issues may be referred to one of the other mental health resources listed.
- Behavioral Health Response (BHR) - BHR provides a free crisis hotline 24 hours a day staffed with counselors who can assist with mental health issues. To talk to a counselor anytime day or night, call 314-469-6644 or 1-800-811-4760.

If a student's psychological or physical condition is manifested to a point where residential life staff believe he or she may pose a significant risk to the health or safety of themselves or to others or requires more management than the residential life staff can provide, then staff will get involved immediately to determine the best course of action for the student.

Microwaves

Microwaves are permitted in resident rooms and should be plugged directly into an outlet or a power strip with built-in circuit breaker. Only one microwave is allowed in rooms without kitchens. Microwaves are included in rooms with kitchens. Additional microwaves in these rooms are not permitted and subject to confiscation by residential life staff.

Missing Persons Policy and Procedure

The 2008 Higher Education Opportunity Act includes a requirement for institutions with students living on campus to develop a missing persons policy and notification procedure. Ranken Technical College has developed a policy and procedure in compliance with the federal requirement. The policy applies to all students living on campus regardless of age.

Missing Persons Policy

Ranken Technical College will notify a designated emergency contact person as soon as possible when Public Safety deems a residential student has been missing for at least 24 hours.

Procedure

1. Residential Students will have the opportunity to provide the College emergency contact information as part of the housing application and move in process.
2. Residential Students have the option of designating an individual as an emergency contact to be notified by the College.
3. If the residential student under the age of 18 and not an emancipated individual, the College is required to notify the parent and/or guardian.
4. Ranken Community members must report the suspected missing persons to Public Safety directly.
5. Public Safety will investigate all reports of missing persons.
6. If the investigation determines the residential student has been missing for at least 24 hours, the College will notify the designated emergency contact as soon as possible. The College may also notify law enforcement agencies according to Missouri law and guidelines of the Department of Education.

Musical Instruments & Amplifiers

Musical instruments, except for drums or drum sets, are allowed in residence hall rooms but the amplification of musical instruments is prohibited. Amplifiers are allowed inside residence hall rooms but can only be used with headphones plugged into the amplifier, so the sound does not travel. Violations of this policy will result in disciplinary action.

Notice of Not Returning

Residents graduating or not returning to Walker Residence Hall at the end of the school year must complete a Reapplication Form. The form will be sent to the resident's Ranken email account and available through the student portal (InsideRanken) on the Residential Life page.

Occupancy

As a safety precaution, and to avoid large gatherings, no more than 2 times the designed occupancy level should ever be in a residential unit at one time. If there are more than the allotted number of individuals inside a residential unit, or a residential life staff member suspects that there might be more than the occupancy limit, then the staff member may enter the unit and ask everyone to leave except for the actual unit residents.

Living occupancy in the residence hall is limited to Ranken students only, apart from approved staff members and guests for campus events. All non-resident guests must be registered at the front desk. The student is not allowed to sublease or provide routine lodging to guests. Residence hall rooms are to be used for residential purposes only.

Off Campus Behavior

The rules of the College still apply to all students when they are participating in a Ranken sponsored event off-campus. The College reserves the right to institute disciplinary action for situations taking place off-campus that violate Ranken's standards of conduct.

Parking, Permits, Cook Lot Gate

Resident student parking is located on the Cook/Langenberg parking lot. Residents must have a parking permit for each vehicle they bring on campus. Residents are only allowed to have one vehicle in the parking lot at any given time (one parking space per student, spaces will not be assigned and cannot be promised). Residents are required to complete a parking registration form to receive a permit each school year. Students should visit the department of public safety located at the front desk complete registration and receive a permit.

Overnight guests with vehicles must receive an overnight guest parking pass which they must display in their vehicle during their stay.

Items left behind are considered abandoned and are property of the college to dispose or use as determined by Residential Life. It is the responsibility of the resident to remove all personal items. There are no opportunities to return to get items after the time given to move out. There is also no storage in Walker Hall for items left behind. There are fines associated with removal items left behind.

Pets

Residents and guests are not allowed to bring pets inside the residence hall except for fish in a 10-gallon or smaller aquarium. Residents must receive permission from their roommates to have an aquarium in their residential unit. Aquariums must be kept clean or residential life staff members may ask for them to be removed. Any other pets found in the residence hall brought in by residents or visitors will be removed by a residential life staff member or public safety officer. Residents found in violation will be subject to disciplinary action. The only exception to this would-be service animals that are trained to aid an individual with a disability.

Programming

The residential life staff provides residents with valuable learning opportunities and experiences which will nurture their overall personal development and supplement the education they are receiving in their classes. This is accomplished through programming, which consists of social, educational, and health-related activities and experiences designed to advance our resident's personal growth.

Quiet Hours

Quiet hours in the residence hall, smoking areas, and the basketball/volleyball/barbeque area are as follows:

- 10:00 p.m. to 9:00 a.m. Sunday-Thursday
- 1:00 a.m. to 9:00 a.m. Friday-Saturday

Quiet hours may be adjusted during midterm and final exam weeks. Residents are responsible for always observing 24-hour, 7 days a week courtesy hours. This means that residents are respectful of other resident's rights to study, rest and reside in a quiet environment. Excessive noise is disrespectful to other members of the residence hall community. If a resident or residents are making excessive noise or devices inside their residential unit are making excessive noise, it is the responsibility of other residents to contact a residential life or public safety staff member to notify them of the noise disturbance.

Reapplication

All residents must submit a housing reapplication form to indicate their housing intention for the coming academic year. If a current resident does not apply for the following year, it will be assumed the student is not returning to the residence hall.

Refrigerators

Refrigerators are allowed in residence hall rooms without kitchens. Only one refrigerator is allowed per bedroom per unit without kitchens. The size of refrigerators cannot exceed 5 cubic feet. Units with kitchens are not permitted to have additional refrigerators because one had been provided. Do not place in closets. Refrigerators must be plugged directly into an outlet.

Refund Policy

A student moving out of Walker Residence Hall at any time of the semester will be charged a Housing Contract Cancellation Fee of \$400.00. The refund for the room and meal plan charges are as follows.

1. Withdrawal from the College during the first week of the semester = 90% credit of institutional charges.
2. Withdrawal from the College during the second week of the semester = 60% credit of institutional charges.
3. Withdrawal from the College during the third week or beyond = no refund given.

Reporting a Policy Violation

If a policy violation occurs in the residence hall, residents that witness the violation or are somehow impacted by the violation should report it to the residential life staff member on duty immediately. It is the responsibility of each resident to report policy violations for the greater good of the residence hall community. An on-duty staff schedule will be posted on each floor. The report can be made in person, via email or text message.

Requirements for Residency

Only full-time Ranken students (enrollment in at least 12 credit hours per fall and spring semester in person) are eligible to live in the residence hall. Part-time Ranken or Online Only students are not eligible to live on campus unless special permission is granted by the director of residential life. Summer residents may take a minimum of 6 credit hours during the summer semester.

Residence Hall Association (RHA)

The Residence Hall Association (RHA) is a member of NACURH, the National Association of College and University Residence Halls, which is the largest student organization in the country. The national organization recognizes living on campus as an integral part of the college experience, and therefore strives to be the organization of choice for residence hall leaders by providing comprehensive resources for college and university students seeking to create the ultimate residence hall environment and experience. All resident students are automatically members of the Residence Hall Association. For more information on RHA, contact the Director of Residential Life.

Respect Policy

One of the guiding principles in the Walker Hall residence hall community is respect. The expectation of the Residential Life staff for our residents is to respect oneself, to respect others and their property, and to respect one's surroundings. Acts of disrespect toward a residential life staff person, public safety staff person, housekeeping staff person, or Ranken employee will not be tolerated and are subject to disciplinary action. Acts of disrespect toward another resident or guest will be treated on a case-by-case basis and may be subject to disciplinary action. It is the intention of the Residential Life staff to ensure that residents understand the importance of respect, practice it on a regular basis, and carry this understanding with them after they leave Ranken.

Roof Access

Resident and guests are prohibited from accessing the roof of the residence hall.

Room and Roommate Assignment

Room and roommate assignments are made by the director of residential life. Consideration will be given to the student's room and roommate preferences as well as the profile section of their application. Roommate requests must be mutual. The College reserves the right to make room and roommate assignments and reassignments, consolidate roommates, or adjust the designated occupancy of any room when necessary.

Room and Roommate Consolidation

To make room for residents it may be necessary to consolidate rooms and roommates. Consolidation is the act of moving students together into one unit where the maximum occupancy was not being met. For students that are left without roommates because of housing cancellation, withdrawal, or a room or roommate change request that has been approved, they will be given the following options in which they must choose one:

4. Consolidate with another student or students also currently living in a unit not at full occupancy.
5. Receive a new roommate or roommates as assigned by the Residential Life Office.
6. Pay a higher rate to live in the current unit without full occupancy. If space is needed, then this may not be an option.

Room and Roommate Change Requests and Reassignment

Residents may submit a change of room or roommate request form to the Residential Life Office three weeks after the first day of classes. Only one request is allowed throughout the duration of the contract. If the requested move is the result of a roommate conflict, then the student must discuss the situation with a residential life staff member first before submitting a room or roommate request. If a solution cannot be reached after staff intervention, then a request may be submitted. The College reserves the right to approve or deny room and roommate requests. All parties involved in a roommate change must agree to the changes in writing unless the change comes because of administrative reassignment. If the student moves to another room without approval from the Director of Residential Life, then the student will be subject to disciplinary action and may result in the student's return to their original room or dismissal from Walker Residence Hall.

Room changes may not take place during midterms, final exams, or the first and last three weeks of a semester. Students will be given 24 hours to move all their belongings out of their previous room to their new room.

The residential life office reserves the right to make administrative reassignments for residents. In such cases roommates, may be split up and asked to move to another room or accept another roommate to remain in housing. If an administrative reassignment takes place the resident(s) will be responsible for any additional room charges associated with the new room assignment.

Room Checks (Unannounced)

Residential Life staff will have unannounced room checks at least one time each semester, and more as needed. Residents will not be notified in advance of these checks. Residents do not need to be present during these checks. Staff members will be looking for prohibited items, illegal substances, and dirty living conditions. Staff members will search for items in plain view unless they have suspicion that prohibited items or illegal substances are in the room. The exception to items "in plain view" will be refrigerators and cabinets in kitchens, as well as personal refrigerators and coolers in any residence hall unit. Staff members may check these items regardless of suspicion.

Room Entry

The College reserves the right to enter resident rooms to provide maintenance, conduct health and safety inspections and regular room inspections, to ensure safety and security of residents, conduct inventory, and to enforce rules when there is reasonable suspicion that rules are being violated. Residential life staff members, public safety staff members, and police officers may enter a room if they

believe a College policy or state, or federal law is being broken or if they believe a person is in danger and needs immediate help. Staff members may also enter a room if the resident or residents do not respond during emergency alarms or noise violations. Students do not need to be present unless requested by a staff member for a residential life, public safety, or maintenance staff member to enter the room. Efforts will be made to notify residents in advance of room visits except for maintenance procedures, health and safety inspections taking place during student vacation periods, unannounced room checks, emergency situations, suspected residential life or College policy violations, or state or federal law violations. The College reserves the right to confiscate any illegal or prohibited items found inside residence hall rooms or any portion of the building. The College also reserves the right to remove any items deemed as a nuisance or hazardous to the building and its occupants.

Scan-In & Scan-Out

All residents are required to scan-in and scan-out with their Ranken 1Card at the front desk every time a resident enters or exits the residence hall. Failure to scan-in or scan-out is subject to disciplinary action.

Searches

A residential life staff member or College administrator will conduct thorough room searches in instances where there is suspicion that the resident(s) or their guest(s) may be in possession of illegal substances, alcohol, stolen items, firearms, weapons, or other prohibited items, or there is an indication that a state or federal law is being violated. During these searches, these officials will search all areas and spaces, containers and objects, and individuals within the unit. Residents in possession of illegal items will be subject to disciplinary and possibly legal action. Residents must abide by all requests made by residential life staff members, including asking residents to unlock drawers or containers with a personal lock on them. Residents who refuse to follow requests will be considered insubordinate and subject to disciplinary action. All items brought into the residence hall by a resident or visitor are subject to search by a staff member if a staff member suspects that a resident or visitor is in possession of an illegal or prohibited item. Vehicles on campus property are also subject to search.

Security Deposit

Students applying for housing for the first time as well as students who previously cancelled housing and received a refund for their security deposit are required to submit a \$150 security deposit along with a completed housing application and contract. Students that continue to live in the residence hall will automatically have the \$150 security deposit applied to a future contract. When a student permanently moves out of the residence hall and does not intend to sign a future housing contract, charges for damage will be deducted from their security deposit. If there is still money left over after damage charges have been assessed, the business office will apply the difference to any outstanding balances the student may have at the College. If the student does not have any existing balances, he or she will receive a check for the remaining security deposit balance. Damage charges are billed to student accounts of returning residents.

Security Deposit Refunds

Housing applicants who have not previously lived in the residence hall, sign a housing contract, and make the decision to no longer pursue housing prior to the start of a semester will forfeit their security deposit in addition to any other cancellation fees that apply. Students who have lived in the residence hall and been granted release from their housing contract who fail to properly check-out of housing by their designated check-out date and time will forfeit their entire security deposit, unless the student has been given an extension by the Director of Residential Life and properly checks-out per the terms of the extension. Exceptions in which security deposits will be refunded under the terms of the section entitled "Security Deposit" include:

1. The student has lived in the residence hall, is granted release from their housing contract, properly checks-out of the residence hall per the check-out policy and does not intend to sign a future contract.

2. There is no space available in the residence hall for a student to reside.
3. Admittance to an academic program is not granted to a student.
4. The housing applicant does not sign a housing contract for the year or semester they applied for housing.

Housing applicants who have signed a housing contract who meet any of the eligible circumstances above must submit a housing cancellation request form to the Residential Life Office to receive a security deposit refund.

Seminar Room

The seminar room is located on the first floor of Walker Hall. The facility may be used by residential life staff members to conduct resident meetings, special events, seminars, and workshops. The seminar room may not be used for socializing or studying unless it is a club or office sponsored event or permission is given by a professional residential life staff member. Other campus offices may reserve the room for special events. Room reservation requests must be made through the Residential Life Office.

Sexual Harassment

Sexual harassment is considered any unwelcome sexual advance, request for sexual favors, or other written, verbal, or physical conduct of a sexual nature, whether directed at persons of the same or opposite sex, when: 1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's participation in college activities; or 2) has the purpose or effect of unreasonably interfering with an individual's academic performance or campus living conditions; or 3) creates an intimidating offensive or hostile environment for an individual's education or participation in a college activity.

Further, any act of sexual violence, including but not limited to, rape, sexual assault, sexual battery, and sexual coercion is a violation of this policy. Violations of the sexual harassment policy will result in disciplinary action, which may include dismissal from the residence hall and/or college.

To report sexual harassment, contact the on-duty residential life staff member. If you are a victim of or witness sexual violence, report it to a public safety officer or the Director of Public Safety or in the case of an emergency, call 911.

Shuttle Services

Residential life and public safety staff have access to Ranken-owned vehicles to shuttle students who cannot drive due to health issues or do not have a vehicle on campus to receive treatment. Ranken vehicles may also be used by residential life staff members to transport residents to social or educational outings as well as grocery or department store visits as needed based on the schedule of the director of residential life.

Skates and Skateboards

Residents and guests are prohibited from using skateboards, inline skates, roller skates, or rollerblades inside the residence hall. Residents are permitted to use skates and skateboards on campus after evening school classes in the empty lots. All residents assume responsibility for their own safety and any damages relating to use of the equipment while on campus.

Smoking, Tobacco & Vaping

Walker Hall is a smoke-free facility. Smoking is not allowed inside the building. This policy includes the use of tobacco and e-cigarettes. Residents and their visitors may go outside to smoke in the Walker Hall designated smoking area only. This area is marked and located west of the sidewalk path leading to the south residence hall entrance. Students and visitors are expected to dispose of cigarette butts in the receptacles located within the designated smoking area. Cigarette butts or lit cigarettes are prohibited inside the building.

The use of tobacco products of any kind is not permitted inside the residence hall. Hookah pipes are not allowed inside or outside the residence hall grounds. Residents that fail to abide by the smoking & tobacco policy will be subject to a \$75 fine per offender and further disciplinary action.

Solicitation

Solicitation is defined as door-to-door or person-to-person visits for soliciting funds, selling products, recruitment, distributing advertising materials, and conducting surveys. Residence hall residents are prohibited from conducting acts of solicitation unless it is in conjunction with a Ranken sponsored activity. Outside solicitation (non-campus organizations or individuals) is prohibited in the residence hall unless prior approval has been given by the Director of Residential Life. Residents that wish to distribute advertising materials to other residents or conduct surveys must first receive permission from the Director of Residential Life. Use of the lobby or lounges by a campus group or individual for the purposes of fundraising or recruiting is not allowed unless previous approval has been granted by the Director of Residential Life. Door-to-door salespeople should be reported to the Department of Public Safety.

Storage

There is no storage space available for resident's belongings in the residence hall. Residents must make other arrangements to store items that are not permitted in the residence hall or items that are too large to fit inside residence rooms or apartments.

Suggestions for Improving Residential Life

Suggestions for improving residential life operations may be submitted anonymously or in person to a residential life staff member. Suggestions may also be given at Residence Hall Association meetings and wing meetings.

Summer Housing

Summer housing is available at Walker Hall. To be eligible students must be enrolled in the summer semester and taking at least 6 credit hours. If all classes are online the student may be denied housing if room is needed for a student with on campus classes. If you are interested in summer housing, please see the Director of Residential Life well before the end of the spring semester. The deadline date will be emailed and posted in the residence hall.

Telephone

Residents that wish to have phone services in their room must contact a phone company to set-up these services. Residents will be responsible for paying the setup charge as well as monthly payments to the phone company.

Temporary Overnight Stays

Temporary overnight stays for non-residents and non-guests may be allowed if the director of residential life authorizes the stay and there is space available. Individuals requesting these stays will be charged a fee for their stay which must be paid through the business office prior to the stay. It is the discretion of the Director of Residential Life to approve or deny these requests. All those staying overnight must have the COVID Vaccination.

Theft

Taking, attempting to take, or found in possession of the property of the College, another entity, or another person without it's/his/her authorization is considered theft. Any occurrences of theft should be reported immediately to the Department of Public Safety and the on-duty residential life staff member. Residents who commit theft will be subject to disciplinary and possible legal action. The College is not responsible for a resident or guest's personal property that has been lost, stolen or damaged.

Unauthorized Entry (Residence Hall or Campus)

Students are prohibited from entering areas that they have not been given authorization to enter. Residents are prohibited from opening parking lot gates. Gates can only be opened by Public Safety officers. Residents are prohibited from climbing over gates. Residents in violation of the unauthorized entry policy will be subject to disciplinary action. This policy applies to visitors as well.

Vacating a Room

Residents must remove all personal belongings from their residential units at the end of the contract period or upon contract cancellation taking place during the contract period. This would include incidents of dismissal from the residence hall or the College or withdrawal from the College. Residents will be given a reasonable time span based on the home address provided by the student.

Items left behind by students at the end of a contract period designated check-out date will be considered abandoned. The items will be disposed or used as the college deems necessary. When items are removed, a charge will be billed to the student's account. Students remaining in a residential unit after their contract duration has expired without permission from the Residential Life Office will be charged a set amount for each day they stay past the period of occupancy.

Visitation

Visitation applies to resident students only and occurs when a resident visits another residential unit other than their own. These types of visits are not allowed from 11:00 p.m. to 7:00 a.m. Sunday-Thursday and 2:00 a.m. to 7:00 a.m. Friday-Saturday. Residents are not allowed to spend the night in another residential unit in the residence hall other than their own. Violations of this policy will result in disciplinary action.

Residence Life personnel should educate residents regarding these rights and responsibilities that are associated with community living and use them as a guide in making decisions concerning resident welfare and behavior.

STANDARDS OF CONDUCT

As a Ranken student, all residents are subject to Ranken's standards of conduct, including conduct that takes place in the residence hall.

Residents who are in violation of any of the College's standards of conduct will be subject to disciplinary action.

While in attendance at Ranken or representing the College off campus, you are required to conduct yourself in accordance with acceptable moral and social standards, and to comply with all of the rules and regulations of the College, and to preserve and protect all property provided by the College for your education and benefit. Violations of rules and/or regulations will subject you to reprimand, suspension, or dismissal depending upon the seriousness of the violation and consideration of your record. The following are examples of specific reasons for dismissal:

1. Under the influence of, the consumption of, or the otherwise use of alcohol or drugs while on College property.
2. Gambling on premises.
3. Insubordination to College authorities.
4. Malicious destruction of College property.
5. Failure to comply with the appearance and safety policies.
6. Theft or pilferage.
7. Failure to wear safety glasses in designated areas.
8. Academic dishonesty.

14. Being in possession of or viewing pornography on College property.
15. Inappropriate conversations that include racist, sexist or violent comments.
16. Behavior that is disruptive to any class, lab, shop or studio session.
17. Fighting.

JUDICIAL PROCESS FOR POLICY VIOLATIONS

All residents are subject to the Ranken standards of conduct listed in the Student Handbook as well as all policies and procedures listed in the Residential Life Handbook.

The judicial process begins when there is reason to believe a resident has violated one or more policies.

The following protocol will take place for all policy violations:

1. The alleged policy violation is documented by a residential life or public safety staff member in an incident report. A separate report should be filled out for each student in violation of a policy. Completed forms are submitted to the Director of Residential Life. The College reserves the right to meet with students regarding alleged policy violations without an incident report.
2. The Director of Residential Life will investigate on the incident and will meet with each person involved, including the residential life or public safety staff member that submitted the report. For incidents of theft, the Director of Public Safety will lead the investigation.
3. After meeting with all parties involved, a sanction will be assigned to the student or students listed in the incident report if the Director of Residential Life determines a policy has been violated.
4. If a student wishes to appeal a sanction, they have been assigned because of a residential life policy violation, the student must submit a Notice of Appeal form to the Office of Education by 4:00 p.m. following the day when the student was advised they were subject to sanctions.
5. All appeal requests will be submitted to the board for review. The Board may choose one of the following actions upon reviewing the appeal:
 - a. Recommend keeping the assigned sanction(s) as-is.
 - b. Recommend dismissing the assigned sanction(s).
 - c. Recommend assigning similar or different sanction(s).

Double Jeopardy

Students charged with College or residential life policy violations may also be held responsible for violating existing local, state and federal law. Since the purposes and consequences of the two processes are so different, such reviews are mutually exclusive and do not create double jeopardy for charged students. Disciplinary action will not be subject to challenge because criminal charges involving the same incident have been dismissed or reduced. The residential life office reserves the right to postpone judicial proceedings if staff members determine the proceedings would interfere with the civil or criminal process.

DISCIPLINARY SANCTIONS FOR POLICY VIOLATIONS

Disciplinary sanctions may include, but are not limited to:

No Action

It may be determined that no sanction will be administered to a student for a documented violation.

Warning

A verbal or written warning is given to a student that has violated a policy and/or exhibited an unacceptable behavior.

Restitution

Payment for theft or damages caused to campus property or another individual's property in addition to other sanctions. A student may also be required to pay for another individual's medical fees if they caused that person injury.

Community Service

This can include, but is not limited to, assigned work with Residential Life, Buildings & Grounds, Housekeeping, Dining Services, campus or community organizations, or other appropriate projects.

Discretionary Service

This can include, but is not limited to, behavior modification papers, work assignments, attendance at on or off campus educational programs, and other assignments related to the behavior associated with the violation.

Fines

Fines may be charged to student accounts for infractions in addition to other sanctions.

Loss of Privileges

Resident privileges may be denied for a designated period.

Notification of Parent/Guardian

Residential life or public safety staff members may contact a student's parents/guardians if the student is under the age of 18 or the student meets the reporting criteria under FERPA. This would be a likely sanction for a student that violates alcohol or drug policies or become safety threats to themselves or to others. Other sanctions will be applied.

Mandatory Counseling or other Support Services

A student may be required to see the school counselor, Student Achievement Center, Student Support Services, or an off-campus group or professional to receive extra support for psychological and behavioral concerns, substance abuse issues, or academic assistance.

The following is a list of disciplinary sanctions for Residential Life policy violations. These sanctions may also result from any local, state law or ordinance violations or violations of federal law.
