Steps for completing the FAFSA (Free Application for Federal Student Aid)

Apply online at studentaid.gov.

Steps

- Obtain a FSA ID at studentaid.gov under the *Create Account* link. A FSA ID must be obtained for the student and all contributors (parents/step-parent/spouse)
- Fill out the FAFSA at studentaid.gov
- Ensure ALL Contributors provide consent to permit FSA to receive and use federal tax information from 2022 for the purposes of determining eligibility for federal student aid using the FAFSA form, otherwise the applicant will NOT be eligible for Title IV funding.

Financial Aid is a Process—Please allow 3-4 weeks for completion

Filing your FAFSA late may result in a delay of processing and it may be necessary for you to pay your tuition, fees and other expenses out of pocket (regardless of financial aid eligibility) prior to attending class.
